# PROJECT FORMS

**login**

The login form is centered on a dark background with a subtle wood-grain texture. At the top, there is an icon of a bookshelf with five books. Below the icon, the word "BOOKSHOP" is displayed in a large, bold, sans-serif font, with "BOOK" in yellow and "SHOP" in white. The form contains two input fields: the first is for the full name, indicated by a person icon and the text "Enter Full Name", and the second is for the password, indicated by a key icon and the text "Enter Your Password". A red horizontal line separates the two fields. Below the password field is a white rectangular button with the text "LOGIN" in a bold, sans-serif font. At the bottom of the form, the text "Don't Have An Account? Sign Up" is displayed in a smaller, white, sans-serif font.

- **BooksList (works with internet connection)**

The screenshot displays the BooksList app interface, which features a dark background with a grid of book listings. At the top left, there is a red icon of a notepad and pencil. At the top right, there is a red shopping cart icon with a '0' next to it. The app shows three books for sale, each with a book cover image on the left and text details on the right. Each listing includes a red price tag and a circular button with a plus sign for adding the book to the cart.

Book Title	Price
Practical MongoDB: Architecting, Developing, and Administering MongoDB	\$27.39
The Definitive Guide to MongoDB, 3rd Edition	\$49.99
